**PIPE CONNECTORS  
AND SEALS**

# Connectors and seals

## Information

Votec pipe connectors are made in EPDM rubber and are used as a transition between different types of pipes and dimensions.

### Pipe seals

Use: for thin-walled connection.

Item no	Dimension (mm)	Drill hole (mm)
2357520	110	121

Item no	Dimension (mm)	Borrhål (mm)
2357521	160	171
2357522	200	210

### Telescopic collar

Use: the collar is used to mount 315 telescopic tube in 400 well.

Item no	Dimension (mm)
7040080*	400 x 315, smooth riser
2359338**	400 x 315, double-walled riser and concrete pipes
7040081***	400 x 315, corrugated riser

Use: the collar is used to mount 160 telescopic tube in 200 well.

Item no	Dimension (mm)
7040082	200 x 160, smooth riser

7040080

2359338

7040081

\*Narrow gap of 14 mm for solid pipes with external diameter = 400 mm.

\*\*Collar with stop for internal fit in pipes with inside diameter = 400 mm.

\*\*\*Wide gap of 26 mm for corrugated pipes with external diameter = 400 mm.

# Connectors and seals

## Products

For connection of incoming conduit to well or pipeline.

Item no	Dimension (mm)	Drill hole (mm)	Length (mm)	Internal seal grooves
<b>The seal is without tube stop.</b>
